

Share-VDE (SVDE) PCC Data Pool Evaluation Task Group

Charge:

The Share VDE (SVDE) PCC Data Pool Evaluation Task Group is charged to 1) generate a plan to review the accuracy and completeness of PCC bibliographic data available in the [Share-VDE catalog](#) Beta version, 2) gather input from the PCC community and coordinate review activities, and 3) consolidate community feedback for delivery to Casalini. The group is not asked to provide feedback on authority data, user interface, navigation, etc.

Task Group Deliverables:

- Develop a plan to coordinate PCC data review
- Reach out to PCC community to ensure that feedback represents a wide range of domain and format expertise
- Consolidate and deliver the feedback to SVDE

Time Frame:

Date charged: October 15, 2022

Date preliminary report due: November 19, 2022

Date spreadsheet data due: December 19, 2022

Date final report due: January 15, 2023

Reports to:

PCC Policy Committee
