

1. Hawaii as a heading or subdivision. Assign **Hawaii** as a subject heading or geographic subdivision for works dealing with the state of Hawaii regardless of the period covered.

Examples:

651 #0 \$a Hawaii \$x Antiquities.
650 #0 \$a Japanese Americans \$z Hawaii.
650 #0 \$a Housing \$z Hawaii \$z Hawaii Island.

2. Geographic qualifiers.

a. Hawaii as a qualifier. Use **(Hawaii)** as a qualifier in Hawaiian geographic names. Do not use individual island names except in cases of conflict.

Examples:

151 ## \$a Pearl Harbor (Hawaii)
151 ## \$a Lanai (Hawaii)

b. Entities in cities. For entities within a city, add the city name before **Hawaii** in the qualifier, for example, **Hawaii State Capitol (Honolulu, Hawaii)**.

c. Conflicts. In cases of conflict, add the island or island group name before **Hawaii** in the qualifier. The main islands are:

Hawaii Island (Hawaii)	Maui (Hawaii)
Kahoolawe (Hawaii)	Molokai (Hawaii)
Kauai (Hawaii)	Niihau (Hawaii)
Lanai (Hawaii)	Oahu (Hawaii)
Leeward Islands (Hawaii)	

Examples:

151 ## \$a Kailua Bay (Oahu, Hawaii)
151 ## \$a Kailua Bay (Hawaii Island, Hawaii)

151 ## \$a Kona (Hawaii Island, Hawaii)
151 ## \$a Kona (Niihau, Hawaii)
151 ## \$a Kona (Molokai, Hawaii)
