FEDLINK awarded four Indefinite Delivery/ Indefinite Quantity (IDIQ) contracts for subscription services for serial publications of all types and in all media, including but not limited to traditional print materials. The services are used to add to the physical holdings of a library or other institution, and include electronic content hosted remotely by a publisher and related support and electronic access services. - LM Information Delivery (FEDLINK Vendor ID = WS) Contract #LC18C0001
- Prenax, Inc. dba Basch Subscriptions (FEDLINK Vendor ID = BS) Contract #LC18C0002

The period of performance of these contracts begins with a base period from February 12, 2018 through September 30, 2018 with four additional option years.

## New Fiscal Year Brings New FEDLINK Order Numbers

FEDLINK and its vendors use a four part number and letter code to track orders and invoices by member ID. Each order is assigned a tracking code that includes **fiscal year** (a two digit number), **vendor code** (a two letter code), your **FEDLINK ID** (a four letter code), and your **contract number** (a four number code).

As we move into a new fiscal year, it is normal to see your order number change to reflect the new date. So if your FY17 order number looks like this: **17.MW.ABCD-1234**, then your **FY18 order number is 18.MW.ABCD-1234**.
