CHAP. 15.—An act to authorize the construction of a bridge across the Saint Louis River at the most accessible point between the States of Minnesota and Wisconsin.

Saint Paul and Duluth Railroad Company authorized to bridge St. Louis River between Minnesota and Wisconsin.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Saint Paul and Duluth Railroad Company, a corporation organized and existing in the State of Minnesota, be, and is hereby, authorized to construct and maintain a bridge, and approaches thereto, over the Saint Louis River, between the States of Minnesota and Wisconsin, at the most feasible point in the State of Minnesota in section seventeen, town forty-nine north, of range fourteen west, to a point opposite in the State of Wisconsin in section seventeen, town forty-nine north, of range fourteen west. Said bridge shall be constructed to provide for the passage of railway trains, and, at the option of the corporation by which it may be built, may be used for the passage of wagons and vehicles of all kinds, for the transit of animals, and for foot-passengers, for such reasonable rates of toll as may be approved from time to time by the Secretary of War.

Railroad, wagon, and foot bridge.

Free navigation not to be impaired.

SEC. 2. That any bridge built under this act shall be constructed and built without material interference with the security and convenience of navigation of said river beyond what is necessary to carry into effect the rights and privileges hereby granted; and in order to secure a compliance with these conditions the corporation, previous to commencing the construction of the bridge, or of the accessory works designed to secure the best practical channel-way for navigation and confine the flow of the water to a permanent channel at said point, shall submit to the Secretary of War a plan of the bridge and accessory works provided for in this act, together with a detailed map of the river at the proposed site of the bridge and for a distance of a mile above and below the site, together with all other information touching said bridge and river and accessory works as may be deemed requisite by the Secretary of War to determine whether the said bridge, when built, will conform to the prescribed conditions of this act.

Plans, etc., to be approved by Secretary of War.

Draw.

SEC. 3. That any bridge built under this act shall be constructed as a pivot draw-bridge, with a draw over the main channel of the river at an accessible and the best navigable point, and with spans of not less than one hundred and ten feet in length in the clear on each side of the central or pivot pier of the draw: *Provided*, That said draw shall be opened promptly upon reasonable signal for the passing of boats, vessels, and other water-craft: *Provided, however*, That no bridge shall be built under the provisions of this act except there also be built, at the time of the erection of the piers, proper sheer-booms or other proper protections to safely guide boats, vessels, rafts, and other water-craft through said draw-spans, and at the expense of the company or corporation erecting said bridge; and said company or corporation shall maintain, at its own expense, from sunset to sunrise, such lights or other signals on said bridge as the Secretary of War shall prescribe.
