“(f) (1) The quotas for sugars established by subsection (d) of this section shall be allocated annually as prescribed in section 6 (d) of the Act of March 24, 1934 (48 Stat. 456), which section in this respect is not repealed by this amendatory Act.

“(2) The quotas for cordage, established by subsection (e) of this section, and by the Act of June 14, 1935, shall be allocated by authorities of the Philippine Government among the manufacturers of such commodities proportionately upon the basis of the shipment of each such manufacturer to the United States during the twelve months immediately preceding the inauguration of the Commonwealth of the Philippines.

“(3) The quotas for all articles for which quotas are established by this section, except sugars and cordage, shall in each instance be allocated by authorities of the Philippine Government among the manufacturers whose products were shipped to the United States during the calendar year 1937, on the basis of the proportion which each manufacturer's maximum production shipped to the United States, directly or through other persons, in any calendar year during the five-year period, 1933 through 1937, bears to the total of such maximum shipments of all such manufacturers.

“(4) If, after the first nine months of any quota year, the holder of any allotment under any of the quotas established by this Act or by the Act of June 14, 1935, is or will be unable for any reason to ship to the United States by the end of the quota year the total amount of his allocation for that year, the Philippine Government shall apportion that amount of such allocation which it is established by sufficient evidence cannot be shipped to the United States during the remainder of the quota year in such manner and in accordance with such rules and regulations as it may prescribe.

“(g) (1) The Philippine Government shall pay to the Secretary of the Treasury of the United States, at the end of each calendar quarter, all of the moneys received during such quarter from export taxes (less refunds), imposed and collected in accordance with the provisions of this section, and said moneys shall be deposited in an account with the Treasurer of the United States and shall constitute a supplementary sinking fund for the payment of bonds of the Philippines, its Provinces, cities, and municipalities, issued prior to May 1, 1934, under authority of Acts of Congress: *Provided, however,* That moneys received from any export tax imposed on any article which is shipped from the Philippines to the United States prior to July 4, 1946, and which is entered, or withdrawn from warehouse for consumption, on or after July 4, 1946, shall be refunded by the independent Government of the Philippines.

“(2) The said Secretary of the Treasury is authorized to accept the deposits of the proceeds of the export taxes referred to in subdivision (1) of this subsection in accordance with the Act of June 11, 1934 (48 Stat. 929).

“(3) The Secretary of the Treasury of the United States, with the approval of the Philippine Government, is authorized to purchase with such supplementary sinking-fund bonds of the Philippines, its Provinces, cities, and municipalities, issued prior to May 1, 1934, under authority of Acts of Congress and to invest such fund in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. Whenever the Secretary of the Treasurer finds that such fund is in excess of an amount adequate to meet future interest and principal payments on all such bonds, he may, with the approval of the Philip-

pine Government, purchase with such excess any other bonds of the Philippines, its Provinces, cities, municipalities, and instrumentalities. For the purpose of this subsection obligations may be acquired on original issue at par, or by purchase of outstanding obligations at the market price. Any obligations acquired by the fund may, with the approval of the Philippine Government, be sold by the Secretary of the Treasury at the market price and the proceeds of such sale and the proceeds of the payment upon maturity or redemption of any obligations held in the supplementary sinking fund, as well as all moneys in any manner earned by such fund or on any obligations acquired by said fund, shall be paid into the said fund.

“(4) During the three months preceding July 4, 1946, the Philippine Government and the Secretary of the Treasury of the United States shall confer to ascertain that portion of the bonds of the Philippines, its Provinces, cities, and municipalities, issued prior to May 1, 1934, under authority of Acts of Congress, which will remain outstanding on July 4, 1946; and the Philippine Government shall turn over to the Secretary of the Treasury of the United States for destruction all such bonds that are then held, canceled, or uncanceled, in any of the sinking funds maintained for the payment of such bonds. After such outstanding portion of this indebtedness is thus determined, and before July 4, 1946, (i) there shall be set up with the Treasurer of the United States a special trust account in the name of the Secretary of the Treasury of the United States to pay future interest and principal payments on such bonds; (ii) the Philippine Government shall pay to the Secretary of the Treasury of the United States for deposit in this special trust account all of the sinking funds maintained for the payment of such bonds; and (iii) the Secretary of the Treasury of the United States shall transfer into this special trust account all of the proceeds of the supplementary sinking fund referred to in subdivision (1) of this subsection. Any portion of such special trust account found by the Secretary of the Treasury of the United States on July 4, 1946, to be in excess of an amount adequate to meet future interest and principal payments on all such outstanding bonds shall be turned over to the Treasury of the independent Government of the Philippines to be set up as an additional sinking fund to be used for the purpose of liquidating and paying all other obligations of the Philippines, its Provinces, cities, municipalities, and instrumentalities. To the extent that such special trust account is determined by the Secretary of the Treasury of the United States to be insufficient to pay interest and principal on the outstanding bonds of the Philippines, its Provinces, cities, and municipalities, issued prior to May 1, 1934, under authority of Acts of Congress, the Philippine Government shall, on or before July 3, 1946, pay to the Secretary of the Treasury of the United States for deposit in such special trust account an amount which said Secretary of the Treasury determines is required to assure payment of principal and interest on such bonds: *Provided, however,* That if the Secretary of the Treasury of the United States finds that this requirement would impose an undue hardship upon the Philippines, then the Philippine Government shall continue to provide annually the necessary funds for the payment of interest and principal on such bonds until such time as the Secretary of the Treasury of the United States determines that the amount in the special trust account is adequate to meet interest and principal payments on such bonds.

“(5) On and after July 4, 1946, the Secretary of the Treasury of the United States is authorized, with the approval of the independent Government of the Philippines, to purchase at the market price for the special trust account bonds of the Philippines, its Provinces,

cities, and municipalities, issued prior to May 1, 1934, under authority of Acts of Congress. The Secretary of the Treasury of the United States is also authorized, with the approval of the independent Government of the Philippines, to invest all or any part of such special trust account in any interest-bearing obligations of the United States or in any obligations guaranteed as to both principal and interest by the United States. Such obligations may be acquired on original issue at par or by purchase of outstanding obligations at the market price, and any obligations acquired by the special trust account may, with the approval of the independent Government of the Philippines, be sold by the Secretary of the Treasury at the market price, and the proceeds of the payment upon maturity or redemption of such obligations shall be held as a part of such special trust account. Whenever the special trust account is determined by the Secretary of the Treasury of the United States to be adequate to meet interest and principal payments on all outstanding bonds of the Philippines, its Provinces, cities, and municipalities, issued prior to May 1, 1934, under authority of Acts of Congress, the Secretary of the Treasury is authorized to pay from such trust account the principal of such outstanding bonds and to pay all interest due and owing on such bonds. All such bonds and interest coupons paid or purchased by the special trust account shall be canceled and destroyed by the Secretary of the Treasury of the United States. From time to time after July 4, 1946, any moneys in such special trust account found by the Secretary of the Treasury of the United States to be in excess of an amount adequate to meet interest and principal payments on all such bonds shall be turned over to the treasurer of the independent Government of the Philippines.

“(h) No article shipped from the Philippines to the United States on or after January 1, 1941, subject to an export tax provided for in this section, shall be admitted to entry in the United States until the importer of such article shall present to the United States collector of customs a certificate, signed by a competent authority of the Philippine Government, setting forth the value and quantity of the article and the rate and amount of the export tax paid, or shall give a bond for the production of such certificate within six months from the date of entry.”
