[CHAPTER 590]

AN ACT

To amend the Act of June 7, 1939 (53 Stat. 811), as amended, relating to the acquisition of stocks of strategic and critical materials for national defense purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act of June 7, 1939 (53 Stat. 811), as amended, is hereby amended to read as follows:

"That the natural resources of the United States in certain strategic and critical materials being deficient or insufficiently developed to supply the industrial, military, and naval needs of the country for common defense, it is the policy of the Congress and the purpose and intent of this Act to provide for the acquisition and retention of stocks of these materials and to encourage the conservation and development of sources of these materials within the United States, and thereby decrease and prevent wherever possible a dangerous and costly dependence of the United States upon foreign nations for supplies of these materials in times of national emergency.

"SEC. 2. (a) To effectuate the policy set forth in section 1 hereof the Secretary of War, the Secretary of the Navy, and the Secretary of the Interior, acting jointly through the agency of the Army and Navy Munitions Board, are hereby authorized and directed to determine, from time to time, which materials are strategic and critical under the provisions of this Act and to determine, from time to time, the quality and quantities of such materials which shall be stock piled under the provisions of this Act. In determining the materials which are strategic and critical and the quality and quantities of same to be acquired the Secretaries of State, Treasury, Agriculture, and Commerce shall each designate representatives to cooperate with the Secretary of War, the Secretary of the Navy, and the Secretary of the Interior in carrying out the provisions of this Act.
