

of the project) of the cost of producing and transmitting the power and energy, including the amortization of the capital investment as provided in section 1 hereof. Preference in the sale of such power and energy shall be given to all public bodies and cooperatives on the same terms, and to Federal agencies. It shall be a condition of every contract made under this Act for the sale of power and energy that the purchaser, if it be a purchaser for resale, will deliver power and energy to Federal agencies or facilities thereof within its transmission area at a reasonable charge for the use of its transmission facilities. All receipts from the transmission and sale of electric power and energy generated at said project shall be covered into the Treasury of the United States to the credit of miscellaneous receipts, save and except that the Treasury shall set up and maintain from the receipts for said project a continuing fund of \$200,000 to the credit of the Secretary and subject to expenditure by him, to defray emergency expenses and to insure continuous operation.

SEC. 3. The Secretary is authorized to perform any and all acts and enter into such agreements as may be appropriate for the purpose of carrying the provisions of this Act into full force and effect, including the acquisition of rights and property, and the Secretary, when an appropriation shall have been made for the commencement of construction or for operation and maintenance of said project, may, in connection with the construction or operation and maintenance of such project, enter into contracts for miscellaneous services for materials and supplies, as well as for construction, which may cover such periods of time as the Secretary may consider necessary but in which the liability of the United States shall be contingent upon appropriations being made therefor.

Authority of Secretary.

SEC. 4. Upon completion of amortization of the capital investment allocated to power, the Secretary is authorized and directed to report to the Congress upon the feasibility and desirability of transferring the Eklutna project to public ownership and control in Alaska.

Report to Congress.

SEC. 5. Wherever in this Act authority is vested in, or functions are to be performed by, the Secretary, such authority may be exercised, and functions performed, through such agencies of the Department of the Interior as he may designate.

SEC. 6. There are authorized to be appropriated the sum of \$20,365,400 for the construction of the Eklutna project, and, in addition, such sums as may be necessary for the operation and maintenance of such project.

Appropriation authorized.

Approved July 31, 1950.
