

**ANNOUNCEMENT: INCOMING LCSH PROPOSALS: EXPEDITED LIST EXPERIMENT ENDED**

The Policy, Training, and Cooperative Programs Division (PTCP) has discontinued the Expedited List Experiment after concluding that it is not time efficient as a monthly process. The information gathered from the experiment is being used to improve the preparation and compilation of occasional special lists for proposals centered around a particular topic.

The following expedited lists were published October 2022-February 2023 as part of the experiment:

As of March 2023, PTCP returned to only scheduling monthly Tentative Lists and occasional Special Lists for LCSH.
