

Relationship labels

Relationship elements used with MANIFESTATION (bibliographic records only)

Authority records: Currently Manifestation to Entity relationships are not recorded in NACO practice. Links from manifestations to entities (and vice versa) are not currently possible in NARs because authorized access points for manifestations are not yet made in PCC practice.

Bibliographic records: Manifestation to Agent relationships are currently recorded in PCC bibliographic records; inverse Agent to Manifestation relationships are not recorded.

Bibliographic records: Manifestation to WEMI relationships are currently recorded in PCC bibliographic records in linking fields; inverse WEMI to Manifestation relationships are not recorded. [MGDs NOT DONE this round].

Manifestation to Family

[related family of manifestation](#)

Definition: A family who is associated with a manifestation.

PCC relationship label: ***related family***

Inverse: [related manifestation of family](#)
