Guidance	<p>LC/PCC practice: Record this element using a structured description, identifier, IRI, or valid combination thereof. Do not use an unstructured description.</p> <p>In MARC bibliographic records, always use a structured description. This element may be recorded in a note field, in a 787 linking entry field, or, for manuscripts, as an authorized access point. LCC/PCC practice for authorized access point for manifestation does not permit the creation of authorized access points for manifestations other than manuscripts.</p> <p>This element is not recorded in authority records except for manuscripts that are analyzed by a work. Manuscripts recorded in a 5XX authority field must be established in the LC/NACO Authority File.</p> <p>Use “Evaluation of” as the relationship designator in subfield \$i and if a relationship URI is recorded in subfield \$4, use the unconstrained URI for “is evaluation of” from the RDA Registry: http://rdaregistry.info/Elements/u/P60255. Optionally, include an identifier in subfield \$0 and/or an IRI for a real-world object in subfield \$1.</p>
