CHAP. CLXV. — *An Act declaring the Lands constituting the Fort Collins military Reservation, in the Territory of Colorado, subject to Pre-emption and Homestead Entry, as provided for in existing Laws.*

Lands constituting the Fort Collins military reservation made subject to pre-emption and homestead entry.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the lands constituting the Fort Collins military reservation, in the Territory of Colorado, so far as the same have not been lawfully disposed of since their reservation, are hereby restored to the United States and made subject to pre-emption and homestead entry only, as now provided for by law.

APPROVED, May 15, 1872.

May 17, 1872.

CHAP. CLXIX. — *An Act to regulate the Salary of the Consul at Tien Tsin, China.*

Salary of consul at Tien Tsin, China, established.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the salary of the United States consul at Tien Tsin, China, shall, from and after the passage of this act, be thirty-five hundred dollars; and the laws regulating the duties of salaried consuls shall govern said consul.

CHAP. CLXX. — *An Act to authorize the Construction of certain Bridges across the Mississippi River, and to establish the same as Post-roads.*

See 1872, ch. 281.
Post, p. 215.

Western Illinois Bridge Company may build a bridge across the Mississippi river at Quincy, Ill., and for what purposes.

Railway tracks.

If there is litigation, case to be tried where.

All railway companies to have equal rights.

Bridge to be a drawbridge, or built with unbroken spans.

Spans and piers.

Draw, spans and piers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall be lawful for the Western Illinois Bridge Company, a corporation existing under the laws of the State of Missouri, to build a bridge across the Mississippi river, at the city of Quincy, Illinois, for the purpose of crossing persons and property, such as are usually crossed on wagon-bridges; and also to lay on and over said bridge railway-tracks for the more perfect connection of any railroads that are or shall be constructed to the said river at or opposite said point, and that, when constructed, all persons and property as aforesaid, and also all trains of all roads terminating at said river, at or opposite said point, shall be allowed to cross said bridge for reasonable compensation, to be made to the owners of said bridge, under the limitations and conditions hereinafter provided; and in case of any litigation or alleged obstruction to the free navigation of said river, the cause may be tried before the district court of the United States of any State in which any portion of said obstruction or bridge touches; and that all railway companies desiring to use the said bridge shall have and be entitled to equal rights and privileges in the passage of the same, and in the use of the machinery and fixtures thereof, and of all the approaches thereto, under and upon such terms and conditions as shall be prescribed by the Secretary of War, upon hearing the allegations and proofs of the parties, in case they shall not agree.

SEC. 2. That said bridge may, at the option of the company building the same, be built either as a pivot drawbridge, or with unbroken or continuous spans: *Provided,* That if the said bridge shall be made with unbroken or continuous spans, it shall not be of less elevation, in any case, than fifty feet above high-water mark, as understood at the point of location, to the bottom chord of the bridge; nor shall the spans of said bridge be less than two hundred and fifty feet in length, and the piers of said bridge shall be parallel with the current of the river, and the main span shall be over the main channel of the river, and not less than three hundred feet in length: *And provided also,* That if said bridge shall be constructed as a pivot drawbridge, the same shall be constructed with a draw over the main channel of the river at an accessible and navigable point, and with spans of not less than one hundred and sixty feet in length, in the clear, on each side of the central or pivot pier of the draw; and the next adjoining spans to the draw shall not be less than two hundred and
