CHAP. 134.—An Act Supplemental to the National Prohibition Act.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the words "person," "commissioner," "application," "permit," "regulation," and "liquor," and the phrase "intoxicating liquor," when used in this Act, shall have the same meaning as they have in Title II of the National Prohibition Act.

SEC. 2. That only spirituous and vinous liquor may be prescribed for medicinal purposes, and all permits to prescribe and prescriptions for any other liquor shall be void. No physician shall prescribe, nor shall any person sell or furnish on any prescription, any vinous liquor that contains more than 24 per centum of alcohol by volume, nor shall anyone prescribe or sell or furnish on any prescription more than one-fourth of one gallon of vinous liquor, or any such vinous or spirituous liquor that contains separately or in the aggregate more than one-half pint of alcohol, for use by any person within any period of ten days. No physician shall be furnished with more than one hundred prescription blanks for use in any period of ninety days, nor shall any physician issue more than that number of prescriptions within any such period unless on application therefor he shall make it clearly apparent to the commissioner that for some extraordinary reason a larger amount is necessary, whereupon the necessary additional blanks may be furnished him. But this provision shall not be construed to limit the sale of any article the manufacture of which is authorized under section 4, Title II, of the National Prohibition Act.

If the commissioner shall find after hearing, upon notice as required in section 5 of Title II of the National Prohibition Act, that any article enumerated in subdivisions b, c, d, or e of section 4 of Title II of said National Prohibition Act is being used as a beverage, or for intoxicating beverage purposes, he may require a change of formula of such article and in the event that such change is not made within a time to be named by the commissioner he may cancel the permit for the manufacture of such article unless it is made clearly to appear to the commissioner that such use can only occur in rare or exceptional instances, but such action of the commissioner may by appropriate proceedings in a court of equity be reviewed, as provided for in section 5, Title II, of said National Prohibition Act: *Provided*, That no change of formula shall be required and no permit to manufacture any article under subdivision (E), section 4, Title II of the National Prohibition Act shall be revoked unless the sale or use of such article is substantially increased in the community by reason of its use as a beverage or for intoxicating beverage purposes.

No spirituous liquor shall be imported into the United States, nor shall any permit be granted authorizing the manufacture of any spirituous liquor, save alcohol, until the amount of such liquor now in distilleries or other bonded warehouses shall have been reduced to a quantity that in the opinion of the commissioner will, with liquor that may thereafter be manufactured and imported, be sufficient to
