

the general supervision over the execution of agreements with regard to * * * the traffic in opiums and other dangerous drugs * * * ;” and

Whereas the United States, for the reasons that it is only by international cooperation that the suppression of the world-wide traffic in habit-forming narcotic drugs can be accomplished, and that this Government is bound by The Hague Opium Convention equally with other governments to work toward this end, accepted an invitation from said agency to cooperate with it in the execution of said treaty; and

Whereas as the result of conferences in January, May, and September of 1923, between the representatives of the United States and governments represented by the League of Nations, the latter governments agreed that the United States construction of The Hague Opium Convention, as provided in Public Resolution Numbered 96, Sixty-seventh Congress, approved March 2, 1923, represented the objects which the treaty was intended to accomplish, and that any other construction would render the treaty ineffective and of no practical value, and accordingly it was decided:

“1. If the purpose of The Hague Opium Convention is to be achieved according to its spirit and true intent; it must be recognized that the use of opium products for other than medical and scientific purposes is an abuse and not legitimate.

“2. In order to prevent the abuse of these products it is necessary to exercise the control of the production of raw opium in such a manner that there will be no surplus available for nonmedical and nonscientific purposes”; and

Whereas it was further decided at said conferences that two international conferences should be called in the latter part of the year 1924 to agree upon a plan to enforce said treaty in accordance with said construction and interpretation bearing in mind that the gradual suppression of the traffic in and use of prepared opium as provided in Chapter II of the convention is not yet accomplished, reservations to that effect having been noted by certain powers (Great Britain, France, Germany, Netherlands, Japan, British India, and Siam, in regard to prepared opium): Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the appropriation of such sum as may be necessary, not to exceed \$40,000, for the participation of the United States in one or both of these conferences, or any postponement thereof, to be expended under the direction of the Secretary of State, is hereby authorized: *Provided,* That the representatives of the United States shall sign no agreement which does not fulfill the conditions necessary for the suppression of the habit-forming narcotic drug traffic as set forth in the preamble.
