*Provided*, That of the total amount herein appropriated not to exceed \$15,000 shall be available for operation and maintenance of the project, the balance to be available for the construction items hereinafter enumerated in not to exceed the following amounts: Pablo Feed Canal enlargement, \$100,000; Moiese Canal enlargement, \$15,000; South Side Jocko Canal, \$40,000; Hubbard Feed Canal, \$7,500; Camas A Canal, \$2,500; continuing construction of power plant, \$395,000, of which sum \$15,000 shall be immediately available for additional surveys and preparation of plans: *Provided further*, That no part of this appropriation, except the \$15,000 herein made immediately available, shall be expended on construction work until an appropriate repayment contract, in form approved by the Secretary of the Interior, shall have been properly executed by a district or districts organized under State law embracing the lands irrigable under the project, except trust patent Indian lands, which contract, among other things, shall require repayment of all construction costs heretofore or hereafter incurred on behalf of such lands, with provision that the total construction cost on the Camas Division in excess of the amount it would be if based on the per acre construction cost of the Mission Valley Division of the project, shall be held and treated as a deferred obligation to be liquidated as hereinafter provided. Such contract shall require that the net revenues derived from the operation of the power plant herein appropriated for shall be used to reimburse the United States in the following order: First, to liquidate the cost of the power development; second, to liquidate payment of the deferred obligation on the Camas Division; third, to liquidate construction cost on an equal per acre basis on each acre of irrigable land within the entire project; and fourth, to liquidate operation and maintenance costs within the entire project. Provision shall also be contained therein requiring payment of operation and maintenance charges annually in advance of each irrigation season and prohibit the granting of a water right to or the use of water by any individual for more than one hundred and sixty acres of land irrigable under constructed works within the project after the Secretary of the Interior shall have issued public notice in accordance with the Act of May 18, 1916 (Thirty-ninth Statutes at Large, pages 123-130); all lands, except lands owned by individual Indians, at the date of public notice in excess of one hundred and sixty acres not disposed of by bona fide sale within two years after said public notice shall be conveyed in fee to the United States free of encumbrance to again become a part of the public domain under contract between the United States and the individual owners at the appraised price fixed at the instance of the Secretary of the Interior, such amount to be credited in reduction of the construction charge against the land within the project retained by such owner. All lands so conveyed to the United States shall be subject to disposition by the Secretary of the Interior in farm units at the appraised price, to which shall be added such amount as may be necessary to cover any accruals against the land and other costs arising from conditions and requirements prescribed by said Secretary: *Provided further*, That trust patent Indian lands shall not be subject to the provisions of the law of any district created as herein provided for but shall, upon the issuance of fee patent therefor, be accorded the same rights and privileges and be subject to the same obligations as other lands within such district or districts: *Provided further*, That all construction, operation, and maintenance costs, except such construction costs on the Camas Division held and treated as a deferred obligation herein provided

of any kind by reason of the operations of the United States, its officers or employees, in the survey, construction, operation, or maintenance of irrigation works, and which may be compromised by agreement between the claimant and the Secretary of the Interior, or such officers as he may designate; and payment for official telephone service in the field hereafter incurred in case of official telephones installed in private houses when authorized under regulations established by the Secretary of the Interior: *Provided*, That no part of said appropriations may be used for maintenance of headquarters for the Bureau of Reclamation outside the District of Columbia except for the office of the chief engineer: *Provided further*, That the Secretary of the Interior is hereby authorized, in his discretion, until June 30, 1927, to extend the time for payment of operation and maintenance or water-rental charges due and unpaid for such period as in his judgment may be necessary, not exceeding five years. The charges so extended shall bear interest, payable annually, at the rate of 6 per centum per annum until paid. The Secretary of the Interior is also authorized, in his discretion, until June 30, 1927, to contract with any irrigation district or water-users' association for the payment of the construction charges then remaining unpaid within such term of years, as the Secretary may find to be necessary. The construction charges due and unpaid when such contract is executed shall bear interest payable annually at the rate of 6 per centum per annum until paid.

No part of the sums provided for in this Act for the Sun River, Owyhee, Vale, and Baker projects shall be expended for construction purposes until a contract or contracts in form approved by the Secretary of the Interior shall have been made with an irrigation district or irrigation districts organized under State law providing for payment by the district or districts of the cost of constructing, operating, and maintaining the works during the time they are in control of the United States, such cost of constructing to be repaid within such terms of years as the Secretary may find to be necessary, in any event not more than forty years from the date of public notice hereinafter referred to, and the execution of said contract or contracts shall have been confirmed by a decree of a court of competent jurisdiction. Upon such confirmation of such contract as to any one of such projects, the construction thereof shall proceed in accordance with any appropriations therefor provided for in this Act. Prior to or in connection with the settlement and development of each of these projects, the Secretary of the Interior is authorized in his discretion to enter into agreement with the proper authorities of the State or States wherein said projects or divisions are located whereby such State or States shall cooperate with the United States in promoting the settlement of the projects or divisions after completion and in the securing and selecting of settlers. Such contract or contracts with irrigation districts hereinbefore referred to shall further provide that all irrigable land held in private ownership by any one owner in excess of one hundred and sixty irrigable acres shall be appraised in a manner to be prescribed by the Secretary of the Interior and the sale prices thereof fixed by the Secretary on the basis of its actual bona fide value at the date of appraisal without reference to the proposed construction of the irrigation works; and that no such excess lands so held shall receive water from any project or division if the owners thereof shall refuse to execute valid recordable contracts for the sale of such lands under terms and conditions satisfactory to the Secretary of the Interior and at prices not to
