SEC. 2. After the completion of such bridge, as determined by the Secretary of War, either the State of Washington, any political subdivision thereof within or adjoining which any part of such bridge is located, or any two or more of them jointly, may at any time acquire and take over all right, title, and interest in such bridge and its approaches, and any interests in real property necessary therefor, by purchase or condemnation in accordance with the laws of such State governing the acquisition of private property for public purposes by condemnation. If at any time after the expiration of twenty-five years after the completion of such bridge the same is acquired by condemnation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value, (2) the actual cost of acquiring such interests in real property, (3) actual financing and promotion cost, not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interest in real property, and (4) actual expenditures for necessary improvements.

If such bridge shall at any time be taken over or acquired by any municipality or other political subdivision or subdivisions of the State of Washington under the provisions of section 2 of this Act, and if tolls are charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the cost of maintaining, repairing, and operating the bridge and its approaches, and to provide a sinking fund sufficient to amortize the amount paid for such bridge and its approaches as soon as possible under reasonable charges, but within a period of not to exceed twenty-five years from the date of acquiring the same. An accurate record of the amount paid for the bridge and its approaches, the expenditures for operating, repairing, and maintaining the same, and of daily tolls collected, shall be kept and shall be available for the information of all persons interested.

SEC. 4. The said Fred H. Furey, his heirs, legal representatives, and assigns, shall within ninety days after the completion of such bridge file with the Secretary of War a sworn itemized statement

showing the actual original cost of constructing such bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion cost. The Secretary of War may at any time within three years after the completion of such bridge investigate the actual cost of constructing the same, and for such purpose the said Fred H. Furey, his heirs, legal representatives, and assigns, shall make available all of his records in connection with the financing and the construction thereof. The findings of the Secretary of War, as to the actual original cost of the bridge, shall be conclusive, subject only to review in a court of equity for fraud or gross mistake.
