[CHAPTER 404]

AN ACT

To mobilize the productive facilities of small business in the interests of successful prosecution of the war, and for other purposes.

June 11, 1942
[S. 2250]
[Public Law 603]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in addition to the powers and duties of the Chairman of the War Production Board defined by Executive Order Numbered 9024 of January 16, 1942, and by Executive Order Numbered 9040 of January 24, 1942, it shall be the duty of the Chairman of the War Production Board, and he is hereby empowered, through a deputy to be appointed by him, to mobilize aggressively the productive capacity of all small business concerns, and to determine the means by which such concerns can be most efficiently and effectively utilized to augment war production.

Small business concerns.
Mobilization for war production.
7 F. R. 329, 527.

Cooperation with other agencies.

It shall also be the duty of the Chairman of the War Production Board, and he is hereby empowered, through the deputy so appointed by him, to cooperate to the fullest practicable extent with the Director of Civilian Supply and other appropriate governmental agencies in the issuance of all orders limiting production by business enterprises, with a view to insuring that small business concerns will be most efficiently and effectively utilized in the production of articles, equipment, supplies, and materials for both war and essential civilian purposes.

SEC. 2. The Chairman of the War Production Board shall have power, and he is hereby directed, whenever and to the extent that he determines such action to be necessary—

Inventory of productive facilities.

(1) to make, or arrange with the Bureau of the Census or such other governmental agency as may be possessed of the necessary personnel and facilities for the making of, a complete inventory of all productive facilities in the United States which may be used for war production;

Directing attention to small plants.

(2) to direct the attention of officers of the Government having procurement powers to the potential productive capacity of plants operated by small business concerns;

Subcontracts.

(3) to obtain information with respect to the extent and the terms upon which prime contractors with the Government have let subcontracts, and to take such action as he may deem appropriate to bring about the letting by such prime contractors of subcontracts upon fair and equitable terms and in the greatest volume practicable;

Encouraging conversion of small plants to war production.

(4) to take such action as will result in the granting of such Government contracts to business concerns operating small plants as will provide them with a sufficient incentive to engage in war production and to make such conversion of their plants as may be necessary to engage in war production;

Certification of funds for conversions.

(5) to certify to the Smaller War Plants Corporation established under section 4 of this Act and to the Reconstruction Finance Corporation or any of its subsidiaries, the amount of funds necessary for the conversion to war production of any small plant or other plant interested in obtaining from the Smaller War Plants Corporation, or from the Reconstruction Finance Corporation, or any such subsidiary, the capital necessary to provide for such conversion;

Certification as to capacity and credit.

(6) to certify to Government procurement officers with respect to the competency, as to capacity and credit, of any small business concern or group of such concerns to perform a specific Government procurement contract;

Reports from Government procurement and financing agencies.

(7) to obtain from the Secretary of War, the Secretary of the Navy, the Director of the Procurement Division of the Treasury, the Reconstruction Finance Corporation and any subsidiary thereof, and any other Federal department, establishment, or agency engaged in war procurement or in the financing of war procurement or production, such reports concerning the letting of contracts and subcontracts and making of loans to business concerns as he may deem pertinent in carrying out his functions under this Act; and

Studies of supply and fair treatment for small concerns.

(8) to make studies with respect to the means by which small business concerns may be supplied with essential raw materials and receive fair and reasonable treatment from all Government departments and agencies without interfering with the efficiency of the war-production program.

Letting of contracts on certification.

SEC. 3. In any case in which a small business concern or group of such concerns has been certified by or under the authority of the

Chairman of the War Production Board to be a competent Government contractor with respect to capacity and credit as to a specific Government procurement contract, the Secretary of War, the Secretary of the Navy, the Director of the Procurement Division of the Treasury, and all other officers of the Government having procurement powers are directed to accept such certification as conclusive, and are authorized to let such Government procurement contract to such concern or group of concerns without requiring it to meet any other requirements with respect to capacity and credit. The Congress hereby recognizes the fact that business concerns operating small plants are frequently unable to produce certain articles at as low a per unit cost as business concerns operating large plants and that, as a consequence of such fact, in order to mobilize the Nation's full productive capacity, including both large and small plants, it may be necessary for the Government to pay a higher per unit price for such articles to business concerns operating small plants than it pays to business concerns operating large plants.

Recognition of price differentials.

SEC. 4. (a) There is hereby created a body corporate under the name "Smaller War Plants Corporation" (hereinafter referred to as the "Corporation"). The principal office of the Corporation shall be located in the District of Columbia, but the Corporation may establish such branch offices in other places in the United States as may be determined by the board of directors.

There is hereby authorized to be appropriated the sum of \$150,000,000 for the purpose of enabling the Secretary of the Treasury to make payment for such capital stock when payment is called by the board of directors. Receipts for payments by the United States for or on account of such capital stock shall be issued by the Corporation to the Secretary of the Treasury and shall be evidence of the stock ownership by the United States.

(e) All moneys of the Corporation not otherwise employed may be deposited with the Treasurer of the United States subject to check by authority of the Corporation or in any Federal Reserve bank. In any case in which the Chairman of the War Production Board certifies to the Secretary of War, the Secretary of the Navy, the Director of the Procurement Division of the Treasury, or to any other officer of the Government having procurement powers, that the Smaller War Plants Corporation is competent to perform any specific Government procurement contract to be let by any such officer, it shall be the duty of such officer to let such procurement contract to such Corporation upon such terms and conditions as may be specified by the Chairman of the War Production Board. Such subcontracts may be let upon such terms and conditions as the Corporation may deem appropriate in accordance with such regulations as may be prescribed under section 201 of the First War Powers Act, 1941.
